Labycare-Foley Balloon Catheter 2 Way High Flow Paed (SKSS-MD026)

Foley Balloon Catheter 2 Way High Flow Paed Manufacturer by **LABYCARE** in India.

Description :

Labycare Foley Balloon Catheter is made from natural latex rubber.

Foley Balloon Catheter is used for short/long term urine drainage.

Silicon elastomer coated smooth surface for atraumatic catheterization.

High strength polymer layer in the middle of the catheter ensures wider inner diameter and hence high flow rate.

Minimises encrustration and subsequent catheter blockage and failure.

Foley Balloon Catheter has smooth eye, ultra thin highly elastic balloon and hard non-return valve for trouble free inflation and deflation.

Foley Balloon Catheter is used in lower Trauma during Catheterization

Reduced Tissue Damage

Longer in-dwell Time

Trauma Free Removal

100% Safety

We are Manufacturer, Exporters and Suppliers of Foley Balloon Catheter 2 Way High Flow Paed at wholesale competitive prices from India.
