

Labycare-Gel Bi-Axle Hinged Knee Brace (SKSS-RP489)

Gel Bi-Axle Hinged Knee Brace Manufacturer by LABYCARE

Description :

Gel Bi-Axle Hinged Knee Brace is recommended for mild to moderate ligament laxity or instability related injury or post-op meniscal injury.

It provides support with medio-lateral stability.

Soft Gel Ring holds patella in position and reduces pressure on it.

It allows near to normal knee motion.

It is made up of breathable elastic with bi-axle aluminium hinges. Easy to wear.

It provides maximum protection with near-normal knee motion.

Common for left & right knee.

We are Exporters and Suppliers of Gel Bi-Axle Hinged Knee Brace at wholesale competitive prices from India.
