Labycare-elastic wrist splint (SKSS-RP504)

Elastic Wrist Splint

Description :

Elastic Wrist Splint is recommended in mild to moderate sprains and strains.

Elastic Wrist Splint provides firm support & partially immobilizes the wrist.

Comfortable and helps reduce pain.

Unique design facilitates the use in both left and right hand by just interchanging metal splints in pockets. Adjustable Velcro. Easy to wear.

We are Exporters and Suppliers of Elastic Wrist Splint at wholesale competitive prices from India.
