Labycare-Clavicle Brace (SKSS-RP529)

Clavicle Brace Manufacturer by LABYCARE

Description :

Clavicle Brace is used during fracture of clavicle bone.

Clavicle Brace immobilizes, compresses and stabilizes fracture.

It has wide cushion straps and wide posterior pad which provides comfortable fit.

It provides better tightening, more grip & wide flexibility in positioning.

It can be worn commonly on left or right shoulder comfortably.

We are Exporters and Suppliers of Clavicle Brace at wholesale competitive prices from India.
