

Labycare-Cervical Traction Kit for Sleeping (SKSS-RP549)

Cervical Traction Kit for Sleeping

Description :

Cervical Traction Kit is recommended for sprain or dislocation in cervical region. Provides traction to the cervical & upper thoracic vertebrae.

Relieves pressure by stretching musculature & connective tissue of cervical region. Kit consists of soft padded head holder, spreader bar, traction pulley bracket, 3 meters long cord, water weight bag.

Cervical Traction Kit consists of head holder, spreader bar, and cord of 3 mtr. length. Soft padded head holder provides a comfortable interface for the traction.

We are Exporters and Suppliers of Cervical Traction Kit for Sleeping at wholesale competitive prices from India.
