

Labycare-Portable Dental Chair (SKSS-385P)

Portable Dental Chair Manufacturer by LABYCARE

Description :

The **Portable Dental Chair** is a lightweight, compact, and mobile dental chair designed for flexibility and ease of use in various settings, including dental camps, home visits, and temporary clinics. Despite its portability, it offers the comfort and functionality of a traditional dental chair. Its ergonomic design ensures that patients are comfortable, while dental professionals benefit from easy adjustments and maneuverability.
