

## Labycare-Blood Donor Couch 2 Functions Electric (SKSS-BBP024)

Blood Donor Couch 2 Functions Electric Manufacturer by LABYCARE

### **Description :**

An Electric 2-Function Blood Donor Couch is a powered medical recliner designed for blood donation procedures. It offers two electric adjustments (commonly backrest and leg rest) to ensure donor comfort and proper positioning during collection. Ideal for blood banks, hospitals, and mobile donation units, it enhances ergonomic support and safety.

### **Specifications :**

- **Electric dual adjustments:** backrest and leg rest
- **Comfortable, easy-clean medical upholstery**
- **Sturdy frame with safety features**
- **Integrated armrests for donor support**
- **Smooth, quiet motorized operation**
- **Suitable for blood banks, hospitals, and donation camps**
