

Labycare-Blood Donor Couch Electric (SKSS-386)

Blood Donor Couch Electric Manufacturer by LABYCARE

Description :

Blood Donor Couch is controlled by Remote control keypad for convenience of operation

Blood Donor Couch provides comfortable position to the donor and Donor's position can be easily shifted from upright body position to 5 degrees below based level.

All surfaces are clean, smooth and easily accessible.

Electrical and mechanical accessories are housed inside the structure.

Seat is designed with ergonomic consideration to maximize comfort.

Stand is available for BP Apparatus, Blood Collection Monitor and IV stand.

Arm rest is designed in such a way that the donors arm can move easily sideways at rest positions.

The upholstery is sandwiched below with foam.

Chair movement on four castors with front locking.

Supporting base is attached with the chair.

Reclining and upright body position with smooth shifting to any position controlled by the three actuators (for three positions).

Triple variant: Along with features of double height adjustment available.

We are Manufacturer, Exporters and Suppliers of Blood Donor Couch Electric at wholesale competitive prices from India.
