

## Labycare-Thermometer Jar Stainless Steel 304 Grade (SKSS-HH037)

Thermometer Jar Stainless Steel 304 Grade Manufacturer by LABYCARE

### **Description :**

Thermometer Jars are also known as Thermometer Holder.

Thermometer Jar is used by doctors and surgeons to keep in the Thermometer during routine check ups.

Thermometer need to be sterilized and free of germs, as they have to come in to contact with human organs directly. They can cause cross communication of diseases as well. So it is very important to keep them clean . Thermometer Jar contains some chemicals, which keep the Thermometer clean and free of germs.

Thermometer Jar is made of stainless steel 304 grade.

The cylindrical shape and uncovered mouth allow Thermometer to rest where they can be easily grasped. The base has larger circumference than the rest of the container which ensures the jar stability.

We are Manufacturer, Exporters and Suppliers of Thermometer Jar Stainless Steel 304 Grade at wholesale competitive prices from India.
