

Labycare-X-Ray Dark Room Safe Light (SKSS-XRP029)

X-Ray Dark Room Safe Light Manufacturer by LABYCARE

Description :

Dark Room Safe light is also known as Dark Room Safe Lamp.

Dark Room Safe light is the ideal lamp for Dark Room.

It is a small, economical unit with adjustable illumination and tilting head.

This safelight has a sturdy metal frame rust-resistant powdered coated construction, ABS plastic side panels and its filter allows for even illumination.

This rectangular shaped, black and white printing Safe Lamp has mounting plate to attach to bench, shelf or wall with swivel tilt bracket or may be suspended from the ceiling.

It comes complete with a 16.5cm x 13.5cm (6.5" x 5.5") rectangular red safelight filter suitable for all black and white paper processes

Its internal reflective surface ensures the greatest possible light intensity and illumination

Variable light controller button allows to alter light intensity to suit room size

Safe Light includes a 15w ES Lamp for powerful but totally safe darkroom lighting

It is supplied fitted with a bayonet cap lampholder and 15w ES lamp, approximately 2 metres of mains cable and UK plug.

The wall plate has a stirrup fitting which allows the safelamp to be tilted towards the required working area.

Unit dimensions: 24.5cm (W) x 16.5cm (D) x 18.5 (H) when desk standing

We are Manufacturer, Exporters and Suppliers of X-Ray Dark Room Safe Light at wholesale competitive prices from India.
