

## Labycare-Under Water Sealed Drainage System (SKSS-MD077)

Under Water Sealed Drainage System Manufacturer by **LABYCARE** in India.

### **Description :**

Labycare Under Water Seal Drainage System is suitable for pleural drainage in conjunction with intercostal drainage catheters.

It has double chamber and single chamber compact unit which is suitable for all cardiac and thoracic procedures.

Range suitable for management of major, moderate and minor drainages.

Easy to read markings help note the drainage volume.

Clearly marked initial level ensures effective under water seal.

Write on facility on the side of scale helps in monitoring the collected drained volume precisely.

Suction port is provided for connection with suction unit.

Kink resistant large bore tubing facilitates unrestricted flow.

Metallic hangers are fitted for easy attachment to patient's bedside.

Drainage System is sterile, individually packed in a box.

We are Manufacturer, Exporters and Suppliers of Under Water Sealed Drainage System at wholesale competitive prices from India.
