

Labycare-Clark Head lights with transformer (SKSS-DP0046)

Clark Head lights with transformer Manufacturer by **LABYCARE** in India.

Description :

Labycare Clark Head lights are used for checkup and treatment of ENT.

Clark Head lights are made of high-quality plastic which are having self containing reflector and wide stylish band.

Clark's Head Lights contain a concave mirror and 6 volt bulb.

These lights have a long wire to give more flexibility to the doctor during observations.

Surgical Transformer is widely used to operate various electrical devices comprising head light and Clark's head lights.

Our Transformers consist of a high-quality powder coated heavy metal cabinet.

We are offering our range in plastic boxes to ensure the safety of the products

We are Manufacturer, Exporters and Suppliers of Clark Head lights with transformer at wholesale competitive prices from India.
