

Labycare-Stethoscope Cardiology (SKSS-DP0084)

Stethoscope Cardiology Manufacturer by **LABYCARE** in India.

Description :

Labycare Stethoscope Cardiology is an acoustic medical instrument used to hear sounds made by the heart, lungs, and intestines. It typically has a small disc-shaped resonator that is placed against the chest, and two tubes connected to earpieces. It is often used to listen to lung and heart sounds.

Using a stethoscope to hear sounds is called auscultation

Stethoscope Cardiology has both side Diaphragm.

Stethoscopes have earpieces, which aid comfort and create a seal with the ear, improving the acoustic function of the device.

We are Manufacturer, Exporters and Suppliers of Stethoscope Cardiology at wholesale competitive prices from India.
