

Labycare-Vaginal Speculum Cuscos (SKSS-DP00100)

Vaginal Speculum Cuscos ____

Description :

Labycare Vaginal Speculum Cuscos is made of stainless steel and is reusable.

Cuscos Vaginal Speculum is a gynecological instrument which is used to view a woman's cervix properly.

It also helps in inserting devices like IUD and other intra uterine devices.

Cusco vaginal speculum is that it can be used to perform an endoscopy. The speculum is placed inside the vaginal opening of the woman which helps the surgeon to perform the required endoscopic process.

This process usually involves the female reproductive system and the genitourinary system which is why the vaginal opening must be expanded for the process to be conducted efficiently.

This instrument is also used in regular gynecological exams as well as while conducting a Pap smear.

We are Manufacturer, Exporters and Suppliers of Vaginal Speculum Cuscos at wholesale competitive prices from India.
