

# Labycare-SEED/GRAIN BOERNER DIVIDER (COPPER) (SKSS-SLE2039)

seed/grain Boerner divider (Copper) Manufacturer by LABYCARE

## **Description :**

A Seed/Grain Boerner Divider (Copper) is a high-precision sample splitting tool made with copper components for durability and corrosion resistance. It evenly divides bulk grain or seed samples into representative subsamples, ensuring accurate, unbiased quality testing for moisture, purity, and other laboratory analyses in agricultural and seed testing facilities.

<b><u>Specifications :</u></b>	Capacity	1Kg
	Function	For
	Conical parts	Sm
	Openings	38 m
	Construction	Cop
	Sample pans	Mac
	Operation	No
	Weight	8 kg
	Size	86 x
