

## Labycare-gravity separator machine (SKSS-SLE2058)

gravity separator machine Manufacturer by LABYCARE

### **Description :**

Gravity Separator is a precision seed cleaning machine used to separate seeds or grains based on differences in specific weight. It efficiently removes immature, damaged, or lightweight particles from good quality seeds using a vibrating deck and controlled airflow, ensuring uniform, high-quality seed lots for further processing or planting.

<b><u>Specifications :</u></b>	Model	ISG-3	ISG-4	ISG-5
	Capacity (on Wheat Basis)	1 TPH	1.5 – 2 TPH	2-3 TPH
	Deck HP	1HP	1.5HP	1.5HP
	Deck Size	910 x 1585mm	920x2000mm	1065 x 228
	Motor (HP) Fan	5HP	7.5HP	7.5HP
	Length x Width x Height	1960x1270x1400mm	2400x1300x1400mm	2760x1470
