

Labycare-Tourniquet Elastic Green (SKSS-PLP303)

Tourniquet Elastic Green Manufacturer By LABYCARE

Description :

Tourniquet is used to control venous & arterial circulation to an extremity for a period of time when patient is in a life-threatening state as a result of continuous bleeding.

Elastic band is used to fasten the upper arm

The interface between the elastic band and the arm is so small that intensity of pressure becomes large

It is a compressing device.

Common for left & right wrist.

We are Exporters and Suppliers of Tourniquet Elastic Green at wholesale competitive prices from India.
