

Labycare-Shoulder Wheel Wall Mounted (SKSS-PP359)

Shoulder Wheel Wall Mounted Manufacturer by LABYCARE

Description :

Shoulder Wheels provides a smooth, easily measured range of movement with variable resistance.

A 100cm diameter, tubular steel constructed wheel is fitted with brake drum for resistance and 360degree scale for feedback.

Technical :

Construction : 100cm diameter, tubular steel constructed wheel is fitted with Precision machined plastic molded drum & fitted with 127mm brake pads for resistance.

Movement : Bi-directional operation for shoulder & elbow.

Mounting : Wheel is mounted on Three laminated wall boards. Resistance and 360degree scale for feedback.

Arc of Motion : Arc of motion can be varied on stainless steel arm from 30cm to 80cm by fixing handle at the required place.

Height Adjustment : Two wall board are fitted with Two stainless steel channels (81cm H x 6cm W) & Wheel can be raised or lower by 50cm to suit each patient.

Resistance : Wheel is fitted with advanced calibrated sensitive Resistance mechanism and the resistance is controllable from Zero to Maximum.

Feed Back : A 360 degree scale is provides on the drum to measure & record the degree of revolution from either direction (for Left or Right Shoulder) for immediate feedback to the Patient.

Finish : Powder Coated finish with polished Stainless Steel Channels.

Wall Mountable Unit, Set include mounting hardware.

We are Exporters and Suppliers of Shoulder Wheel Wall Mounted at wholesale competitive prices from India.
