

## Labycare-Hi-Low Treatment Table (SKSS-PP390)

Hi-Low Treatment Table Manufacturer by labycare

### **Description :**

Variable Height, Three section table with retractable casters is suitable for Examination, Treatments, including Manipulation.

Both ends elevates so that the back or legs can be raised without turning the patient.

Top adjusts in height for Sit to Stand treatments & an easy access & Transfer of patients from Wheelchairs.

### **Technical :**

**Construction :** Heavy Steel Frame, with heavy duty '8' bush-bearings for easy operation.

**Top :** Upholstered, Size 200cm long X 68cm wide. Height Adjustable.

**Headrest :** Can be continuously adjusted in height with Gas-Spring. Head end with Breathing Hole & Plug can also be lowered to -20 deg. for some postural drainage & manipulation techniques.

**Backrest :** Backrest Elevates ( upto 60 degrees) so that the back can be raised for manipulation techniques & more comfortable sitting.

**Height :** Table Height is adjustable from 47cm to 94cm. Table provides smooth quiet lift with hand held switch.

**Lifting System :** Fitted with the extremely powerful motor (imported, jack system) that safely accommodates heavy patients (120kg). And ensures rapid and noiseless height adjustments with hand held switch.

**Mobility :** Mounted with retractable casters for easy movement.

**Finish** : Powder coated frame, beautifully finished.

**Power** : Unit operates on 220V AC.

We are Exporters and Suppliers of Hi-Low Treatment Table at wholesale competitive prices from India.
