

## Labycare-Arm Pouch (SKSS-RP430)

Arm Pouch MANUFACTURER BY LABYCARE

### **Description :**

Arm Pouch is recommended for sprain, strain, fracture and dislocation of arm as well as has post-operative use.

Arm Pouch supports and immobilizes elbow in flexion position.

Adjustable broad shoulder pad reduces neck & shoulder pressure. Thumb loop inside for desired hand rest and reduces thumb fatigue.

Arm Pouch is common for left & right hand.

We are Exporters and Suppliers of Arm Pouch at wholesale competitive prices from India.
